

VAC-PLY COMBI 1

Combination product

Ideally suited to infusion applications

Features and Benefits

- Perforated release film combined with knitted infusion mesh and peel ply.
- Strips after in two ways either all three layers or just the release film and mesh leaving the peel ply as temporary protection for the laminate surface.
- Reduces layup time and complexity.
- More conformable than traditional cast grid meshes.
- Easily tailored to complex parts.

PROPERTIES

Maximum use temperature	120°C	248°F
Color	Blue mesh, red release film and white with pin stripes peel ply	
Fiber	Polyethylene (PE) and Nylon (PA)	
Weight	235g/m ²	6.93oz/yd ²
